CAREERS

Careers

If you share our unwavering commitment to quality patient care then consider a career at North American Partners in Anesthesia (NAPA).

As the premier provider of anesthesia and perioperative services in the United States, NAPA offers career opportunities to anesthesia and business professionals throughout the country. In fact, we believe that our success is inextricably linked to our ability to attract and retain the best and brightest to our anesthesiologist, nurse anesthetist and professional jobs.

NAPA invests in our employees by providing them with generous compensation and benefits packages as well as unparalleled opportunities for professional, financial and personal advancement. We also support our clinicians with top-notch leadership and administrative staffs so they can focus on delivering the high standards of care for which NAPA is well renowned. It is this integrated team model that has enabled us to create the compassionate working environment and company culture so valued by our employees.

So whether you are completing your residency, fellowship or training program, or are a seasoned professional looking for a great place to work, we welcome you to consider a career with NAPA. NAPA has job openings for doctors and CRNAs, or at the administrative level for business professionals at one of our corporate offices in either Melville or Syracuse, NY.
